

## Project Safe Campus

Project Safe Campus is a student engagement program that addresses youth-related crimes, particularly criminal activity occurring in and around school campuses.

It's a joint effort among Crime Stoppers of Michigan, schools in southeast Michigan and local law enforcement that engages students to take active roles in keeping their schools and communities safe and free from the threat of violence, illegal drugs, weapons, bullying, vandalism and other dangerous activities.

The goal of Project Safe Campus is to make the environment in schools safer by providing a way for students to anonymously – and safely – report the presence of dangerous weapons, drugs, acts of bullying, thefts and damage to school property by using the Crime Stoppers anonymous tip line – **1.800.SPEAK.UP (1-800-773-2587)** – to report crimes.

## How Does it Work?

There are three ways a student can submit a tip:

- 1) Calling 1.800.SPEAK.UP (1.800.773.2587)**
- 2) Texting "csm" and the tip to 274637**
- 3) Click "Submit a Tip" at the top of the page**

- ✓ Crime Stoppers does NOT record calls!
- ✓ Crime Stoppers does NOT use caller I.D.!
- ✓ The caller will NOT be asked to give his or her name – ever!
- ✓ To maintain confidentiality, the caller will be given an I.D. number. The caller must use the I.D. number to track the progress of the tip and claim any reward.
- ✓ When a tip leads to disciplinary action and/or the recovery of drugs, stolen or damaged property, or weapons, a \$100 reward will be paid.
- ✓ The school will also receive a quarterly donation of \$100 to its student council for each actionable tip received.
